

How to get to the office.

Location of the office

Our office is located at 8609 Second Avenue, Suite 405-B, Silver Spring, Maryland, 20910

When you are standing in front of the building you will see three numbered entrances. The middle one, 8609, will lead to our office.

Go under the number and walk a bit until you see an elevator on your right and a stairwell on your left.

Take elevator to floor 4. Our office will be 15 feet from where you get off. It is a free standing office with our name on a plaque.

Take the stairs up two flights. You will come to our office which is labeled.

Yes, I know two flights does not equal four levels. I just work here; the architect has since been committed and is not available for comment.

Parking

You have various parking options.

If you can find a parking spot on the street and the meter will take two hours, put in that amount. You can park on Second Avenue or Spring Street which is a half block from our office. Spring Street usually has more free spaces.

That being said, I park in the county parking garage which is between

Fenwick Lane and Cameron Street. I advise anyone who is willing to walk two blocks to do so, too.

Find a space above the second floor so you can have long term parking. Write down the space number and then go to an exit of the garage and punch the number in the payment machine. The machine takes credit cards and cash. Put in about two hours. You never know if you will need it so just do it. The cost is comparable or cheaper than the meters.

Then walk out of the garage and go to Second Avenue. Turn right and go until you get to 8609 and follow the directions above.

If you have any problems, just phone us at 301.565.2494 and we will send out a search party.

Do not park in our building. You will be towed.

Transportation options

You can drive to us and park as described above. There is a Google Map on the home page of this site to assist you.

You can also take Metro. Get on the Red line train going toward Glenmont. Get off at the Silver Spring station. Walk in the direction of the front of the train until you come to the last exit which will read, Colesville Road, North Side. Go downstairs, exit the station toward the right. Walk up the stairs via a courtyard between two office buildings until you come to a street. You are now on Second Avenue. Turn left and walk until you come to 8609 Second Ave. Follow the above directions to get to our office.

There is also a Montgomery County bus which stops just a half a block from our office. Call my secretary, Esther, who takes it daily and she will tell you all the details.

If you ride a bicycle, you can bring it into the office unless you are willing to chain it to the railing in front of our suite.
